

# Dallas Radio Control Club Meeting

The Dallas Radio Control Club held its meeting on January 28th, 2026 via Google Meets.

The meeting was called to order by Wes Lewis at 7:37pm.

The following club officers and guests were present.

- 1) Perry Bartlett- President
- 2) Michael Clements- Vice President
- 3) Wes Lewis- Treasurer
- 4) Richard Pence- Secretary
- 5) Corey- Safety
- 6) John Hughes- Field maintenance
- 7) Eric Delano- Field maintenance
- 8) Special guest- Chico Romero AMA District 8 Vice President
- 9) Troy Philips- AMA Events Coordinator

The treasurer's report was given by Wes. The balance in the club's account is currently \$3,480.44. John Hughes was asked to submit receipts for the mower maintenance in which he replied he would.

John made a motion to discuss plans for the Fun-Fly in May, and Wes seconded the motion.

Wes said special guest, Chico Romero, would be discussing the steps necessary to host the event.

Chico asked us if we had a date chosen for the event. Wes asked Chico for a calendar of other planned events in the area. Chico called Troy Philips, AMA Events Coordinator, to provide us with that information. Troy provided us with two possible dates: 1) The last week in April or, 2) May 23<sup>rd</sup>. A vote was called and May 23 was chosen as the date to host the Fun-Fly. Wes said he would contact the AMA to post the event as soon as possible.

Chico Romero went over the items that would be necessary to provide a safe event.

- 1) A CO2 fire extinguisher.
- 2) A concrete starting surface for the gas turbine jets to start.
- 3) A clearly marked section for spectators

Chico recommended that two DRCC members come over to the Rockwall club to observe how they stage an event.

Chico said that he and five others from the Rockwall club would help stage the Fun-Fly in May at the DRCC.

Chico established other details that would have to be decided on for hosting the event.

- 1) A generator
- 2) Awards for the pilots
- 3) A flyer for the event
- 4) A sound system
- 5) Food for the pilots
- 6) Cost for pilots
- 7) Raffle
- 8) Tickets

Chico suggested contacting local sponsors to help cover the cost of these items.

John Hughes said he could find sponsors for the awards. Richard Pence said he would provide the sound system.

A motion was made by Wes that other meetings in between our monthly meetings, would be necessary to work out the details for the event. Richard seconded the motion.

Wes adjourned the meeting at 7:55pm

Our first try on Google meet went very well and moving forward we will have monthly meetings using this format on the third Wednesday of each month, so keep an eye out for emails with links and if you have a google calendar I may be able to get them posted there...still a noob at using Google meet.

The main thing discussed, as Richard put in the meeting minutes, was the Warbird and Jet fun-in we would like to put on in May with the help of Chico Romero..AMA district 8 assistant vp. Obviously we will need participation from club members to make this a success. We need events like this to raise some funds for the treasury and increase club membership. If you would like to be involved or have any connections for sponsorships, donations, etc. please let Perry Bartlett know.

# ✈️ DALLAS R/C CLUB ✈️
